BOSTON RED SOX REPEAT VICTORY

Diamond Championship of the World Is Now Within One Game of Being Won by Americans League Leaders

Braves' Field, Boston, Oct. 12.—Boston's onrushing Red Sox climbed to within one game of the world's baseball championship this afternoon by defeating the Philadelphians in the fourth game of the series, 2 to 1, before a crowd that packed the new mammoth Braves' field.

Philadelphia's defeat is now a three-day old story of failing to hit in the pinches.

In only three of the innings did Philadelphia fail to get men on bases, but each time her sluggers succumbed to the elusive slants of young Ernie Shore, who by his victory made up for his defeat in the opening game of the series.

Lewis was again the individual star, accepting six chances without a bobbie and driving in Boston's second run. Batting honors for the day were equally divided between Fred Luderus, the big Philly first sacker, and Dick Hoblitzel, who operates around the same bag for the Carrigan clan.

Boston's first run came in the third inning on a combination of peculiar hits and circumstances. After Barry had walked, Cady dumped a bunt toward Chalmers and George fell down while trying to field it. Shore sacrificed them to second and third respectively and Hooper got a freak single which scored Barry. The ball took a bad hop as Niehoff was setting for it and bounded clear over his head. Chalmers then steadied and forced Scott to fly to Whitted and Speaker to pop weakly to Luderus.

Boston's other run came in the sixth, when, after Speaker had died, Hoblitzel pushed a low liner over second. Lewis then hit a terrific double into left field which carried on a line to within a few feet of the wall. Only remarkably fast work by Whitted kept the hit down to a double. Hoblitzel scored standing up.

Philadelphia made a last ditch attack in the eighth inning and came near tying the count. But again it was the same old story of failure to wallop when wallopers were needed. Two men were down when Gabby Cravath came up and hit a low liner to Speaker in center. Tris saw there was no chance to get it on the fly and set himself for the hop. It hoped all right, but clear over his head and went bounding away into deep center, while Cravath puffed his way around the bases, finally stopping at third. Luderus then got his third hit of the game, another liner over second, which scored Cravath.

Philadelphia	Boston

WILL ARBITRATE LIABILITY FOR FRYE SINKING

Washington, Oct. 12.—Acceptance of Berlin's offer to arbitrate Germany's liability in the sinking of the American ship Wm. Frye was contained in a note the state department today sent to the German foreign office. This also agreed to negotiate amicably the interpretation of treaties covering the Frye loss, over which Germany raised a question.

Secretary Lansing announced receipt of a memorandum from England outlining the evidence upon which the prize court recently confiscated American meat cargoes valued at \$15,000,000. The state department is convinced that England had a good cause for her action, but intends to aid the packers in securing release of 29 other detained cargoes.

ENGLAND DECLARES COTTON GOODS CONTRABAND

London, Oct. 12.—Great Britain's intention to declare cotton piece goods and other cotton products contraband of war was announced by Sir Edward Grey, the foreign minister, in the commons today.

Great Britain means, also, Grey said, to prohibit trade in all goods susceptible of being made into munitions to countries adjoining the central empires.

GREECE TO FOLLOW POLICY ADOPTED AT START OF WAR

London, Oct. 12.—Introducing his policy to the legislative chamber Monday, M. Zaimis, the new premier, declared the international situation is complicated and dangerous, according to an Athens dispatch today.

"The policy of my administration," he said, "is founded on the same principles which guided Greece since the war began. It is better to protect our vital interests and our neutrality than to be armed for the present. Our future attitude will be adapted to events."

Commenting on the shift in Greece's ministry, former Premier Venizelos said:

"The chamber will support the new administration as long as it doesn't change the principles of my policy, for which the chamber has given its vote already. Even if Greece has no treaty with Serbia, our interest would oblige us to depart from neutrality when another state sought to aggrandize itself at our expense. The question is not whether we ought to make war, but when we ought to enter the war. Anyhow, we ought not to allow Bulgaria to crush Serbia and then attack us with all her troops."

BRITISH STEAMSHIP HALIZONES DESTROYED

London, Oct. 12.—The British steamship Halizones, 5,093 tons, engaged in the South American trade, has been sunk by a German submarine. The crew was saved.

EXPOSITIONS NOT TO SEE PRESIDENT WILSON

Washington, Oct. 12.—President Davidson of the San Diego exposition today called San Diego by long distance telephone and informed the city of President Wilson's regret at his inability to attend the exposition.

POPE BENEDICT PROTESTS ARMENIAN MASSACRES

Rome, Oct. 12.—Pope Benedict has written personally to the sultan, protesting against the wholesale massacres of Armenians, the Correspondenza said today.

BULGARIANS ATTACK THE SERBS

Attempt Made to Cut Railroad Over Which Allies Must Be Transported to Aid Serbs Against Enemy

London, Oct. 12.—After days of doubt as to what Bulgaria actually intended in the Balkan tangle, her forces have delivered a blow against Serbia at Garibogahaz, near Serbian Kniazhevatz, about 30 miles from Nish, according to dispatches from Athens today. This is on the railroad the allies must traverse from Saloniki if they help the Serbians resist the Teuton advance. The dispatches declared two Bulgarian divisions crossed the frontier at Garibogahaz.

Meantime, on the northern frontier, Field Marshal von Mackensen's 150,000 Teutons are still advancing southeastward, and also toward Nish, for a junction with the Bulgarians. The Serbians are reported resisting this advance, but it is believed they are only trying to delay the Teuton drive long enough to give the allies time to come to their rescue.

While the Teuton crossing of the Danube has been successful, the Serbians claim the enemy has not managed to reach the Serbian banks of the Save and Drina. Hard fighting is reported at both rivers.

CLUBMAN'S MANY WIVES TO "CONVENE" IN MILWAUKEE

(By United Press Leased Wire.) Milwaukee, Wis., Oct. 12.—A "convention of wives" alleged to have been married by Charles George, New Orleans clubman is planned by District Attorney Zabel when George is given a preliminary hearing October 21 on charges preferred by Mrs. Mae Ritter-George. Six "delegates" will represent various sections from New York to San Francisco, including Mrs. Alberta Jensen-George of Los Angeles and Mrs. Ida L. Austrian-George of San Francisco.

FRENCH HOLD GAINS MADE AROUND SOUCHEZ

Paris, Oct. 12.—The French forces held their gains in heavy fighting which continued last night around Souchez and the LaFolle heights, said today's communique.

GERMANY SENDS REINFORCEMENTS TO WESTERN FRONT

Paris, Oct. 12.—In the face of recent German denials, the French war office was on record today as declaring Germany had hastily hurried additional troops into the western front fighting. These included even members of the Guard withdrawn from the eastern front, said an official statement.

The German morale has been shaken, the statement added. Twenty-five thousand German prisoners, it was claimed, had fallen into French hands, along with 246 pieces of abandoned artillery. Included in the prisoners in the Artois and Champagne regions were men from 92 different regiments, which the war office concluded meant Germany had hastened men from everywhere into the west front struggle.

The statement claimed French success in some consolidation moves, while elsewhere the Germans had effected no results.

ALLIES TO GET SUPPORT OF ROUMANIA

Balkan Country Reported to Have Decided to Cast Its Lot With Entente Powers, But Not to Battle Yet

Paris, Oct. 12.—Roumania has decided to ally with the entente powers, but will take her own time in deciding upon making battle against the Teutons, said a Rome dispatch today, quoting the Roumanian premier as having so assured Italy.

The Roumanian army, however, is rapidly mobilizing, according to reliable reports from Bucharest. The people are reported almost unanimously for the allies.

LOSES NINE COUSINS IN EUROPEAN WAR

Portland, Oct. 12.—Nine cousins of Charles J. Schnabli, a prominent Portland attorney, have been killed in the European war while serving with the German army. Three lost their lives during September, he was advised by the German government today.

GERMANS CAPTURE ILLUT

Berlin, via London, Oct. 12.—The Germans have captured Illut, in the Dvinsk region, the war office announced today.

CALIFORNIA'S NATIVE SONS IN WORLD SERIES

San Francisco, Oct. 12.—When the excitement of the world's series has died away, and baseball fans are toasting over the winter league, there will be plenty of fodder for California baseball fans to chew. For baseball players who either are native Californians or at one time drew pay checks in the golden state before they "went up" have played a big part in the world's series games to date.

Three of the stars of yesterday's game formerly played with St. Mary's college, Oakland—Dutch Leonard, conqueror of Alexander the Great; Harry Hooper and Duffy Lewis, who won the second game for Boston with timely hits. Leonard is a Fresno boy, Hooper hails from Capitola, Cal., and Lewis is an Alameda boy.

RUSH DETAILS FOR RECOGNITION OF GENERAL CARRANZA

Washington, Oct. 12.—Haste to complete formalities attendant upon recognition of Carranza was evident today. The administration probably does not want, however, to appoint a new ambassador. A formal statement of plans, though, is expected soon from the White House.

An American embargo on munitions for Villa has not yet been reimposed, but for all practical purposes the order is in effect, while an official order re-establishing it is expected this week.

Border customs officers, in the meantime, are detaining munitions shipment, on their own authority, to investigate consignees.

Guatemala and Brazil are the only countries on this continent evincing a reluctance to recognize Carranza, while the principal European nations have informally advised the state department that they will follow America's lead.

MUCH DANGER IN "NATIONALISM" SAYS MR. THORNE

San Francisco, Oct. 12.—Holding that too much "nationalism" is just as wrong as too much "state's rights," President Clifford Thorne, of the Iowa railroad commission, today told the National Association of Railway Commissioners there is a happy medium, and contended for maintenance of the system of state railroad regulation in conjunction with federal regulation.

Calling attention to a growing tendency toward nationalism, with abolition of state lines, Thorne declared:

"If the national government is permitted to gradually absorb those functions formerly exercised by the states, it will only be a question of time until some great evil will demand some great remedy. Agitation will follow agitation. There will be no opportunity to try out the new proposal; the nation as a whole must adopt it or reject it. Those will be trying times, when the foresight of the best of us will differ and the future of this American system will be at stake. It would be wise for us to weigh well the advantages of that which we have, before exchanging it for that which we have not. We believe that the federal plan as conceived by our fathers is better than the new nationalism. We believe the states are a distinct factor in our scheme of government. This federal plan is a sort of safety valve against political and industrial revolution."

Practically every important step in the regulation of railroads, corporations and great consolidations, he said, has originated with the states.

HALF BILLION LOAN IS TO BE RATIFIED BY PARLIAMENT

(By United Press Leased Wire.) London, Oct. 12.—The bill providing ratification of the American half billion dollar loan to the allies was introduced in the house of commons tonight.

Chancellor of the Exchequer McKenna explained the loan is necessary to balance exchange, inasmuch as American imports the past six months have increased \$292,000,000, while exports to America decreased \$60,000,000. These figures did not include government supplies.

He defended the terms of the loan, saying the American interest rate is generally higher than the English rate.

ALLEGED COUNTERFEITER CAUGHT AFTER LONG CHASE

(By United Press Leased Wire.) San Francisco, Oct. 12.—After a flight of 12,000 miles through America and Canada, Rolla A. York, 30 years old, wanted in California for alleged counterfeiting, is in custody today, having been rounded up by Secret Service Agent Thomas Callaghan of the Salt Lake district. Another member of the same gang was arrested in Ohio yesterday and both will be taken to California for trial. Both specialized, it is said, in \$5 gold coins of fine workmanship. Thousands of dollars, it is claimed, were circulated by them on the Pacific coast.

BRITISH SUBMARINE SINKS GERMAN COASTER

(By United Press Leased Wire.) London, Oct. 12.—Copenhagen dispatches today reported a German coast steamer sunk in Calmar sound, Sweden, presumably by a British submarine. The admiralty did not confirm the report. Other Copenhagen messages said the Germania, a German steamer, was beached after she had been fired up, presumably by an English submarine.

TAKE CANNON AND SHIPS AT BELGRADE

Teuton Invaders Continue Advance Southwest of Captured Serbian Capital, Says Berlin Official Statement

Berlin, via Tuckerton, Oct. 12.—The Austro-German invaders have captured Serbian positions southeast and southwest of Belgrade, as well as making advances in the Semendria district, said an official statement today. At Belgrade they took nine ships, 26 cannon, many rifles, much ammunition and more than 600 prisoners. Serbian losses were reported as "considerable."

Muscovite claims of progress in the Strypa river region in eastern Galicia were denied. Russian attacks have ceased on the northeastern front. The Austrians advanced northeast of Scalesnice and along the Sty river.

Nish, via London, Oct. 12.—Hurled back at many points along the Danube, Save and Drina, the Austro-German invaders of Serbia are not progressing very rapidly except at Belgrade and vicinity. Along the Danube they had been repulsed between Flawa and the Morava river mouth. When they attempted a crossing between Smederevo and Godomins they were repulsed.

The Serbians inflicted heavy losses on the enemy.

Even in the Belgrade neighborhood the Teutons are meeting with strong resistance. The suburb Gheat Vatchar is in the hands of the Serbians, despite repeated heavy attacks by the invaders.

London, Oct. 12.—All German attacks have been repulsed thus far, the Serbian legation today announced. They said the Bulgarian invasion began Monday night.

CHINA PROPOSES TO BREAK INTO THE PACIFIC COAST

(By United Press Leased Wire.) San Francisco, Oct. 12.—China, through her influential merchants, today loomed up as a strong contender for the Pacific freight and passenger trade with Japan. With the announced intention of taking away from Japanese bottoms as much trans-Pacific trade as possible, the Chinese Mail Steamship company has purchased the former Pacific Mail liner "China" from the Atlantic Transport company as the nucleus for a fleet which soon will be one of the largest on the Pacific. The Chinese Mail is backed entirely by Chinese of the United States and southern China. It will establish an extensive service between San Francisco, Honolulu, Nagasaki, Manila and Hong Kong.

WORLD SERIES TEAMS WILL TOUR THE WEST

Boston, Oct. 12.—The national commission about noon decided to allow the Red Sox and Phillies to go on a tour to the Pacific coast immediately following the close of the present series. They will play Chicago, Omaha, Denver and other western cities.

It is planned to have the club play in San Francisco the last Saturday in October.
